

We loved hiking with Ms Hobbs!

We liked being on the bus Waving to people!

We had fun staying late!

# WILDLIFE

# Envirothon

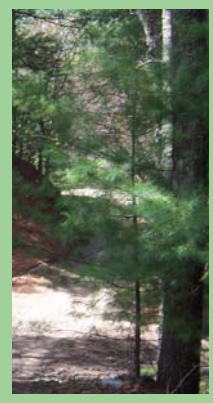

It's awesome

# SOIL

- > we studied animal tracks
- > we studied skulls and mounts of animals
- > we went outside in the woods behind our school and listed and ID birds

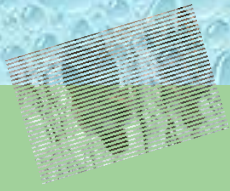

- > Soil layers
- > Texture
- > Color
- > To see the soil layers clearly we dug holes!

# WATER

**Benthic macroinvertebrates**

- > Water quality surveys
- Aquatic plants
- > We studied vernal pools
- > We went in the water with the waders on
- > Saw wood frog egg masses

# CURRENT ISSUE

**GROUNDWATER!**

- > We went to the DPW and Town hall
- > We talked to many people to learn about Easton's water issues

Storm drain

- > We learned how to identify trees by physical characteristics
- > We learned how to measure tree DBH, height, and volume
- > We learned how to identify bacterial and fungal infections on trees
- > MAD CAP HORSE!

# FORESTRY
